

SPRING DECOR AT YOUR DOOR

Style Sheet

IT DOESN'T HAVE TO BE COMPLICATED TO BE CUTE!

3 styling options:

Using these items as a grouping is the perfect way to display them and create an instant Spring vignette! (That's a fancy word for a grouping of objects)

1- Put them on a shelf! All I did here was take a few books to elevate the sign and carrots. I paired the vase and bunny with a candle on the other side!

2- Put them on a tray! I set the vase and bunny on a stack of books, leaned the sign against the vase, put my carrots in the basket and then filled the tray with the eggs provided as well as some others I had on hand. I added a bead garland for extra filler too!

3- Put them just about anywhere! This last version will work on any type of dresser, end table, entry piece, etc. Put your sign on the little stand, the vase next to that and either your bunny with carrots or basket of eggs in front. This makes the perfect grouping of 3!

IF YOU DON'T USE YOUR BASKET AND BUNNY TOGETHER- FIND A FUN SPOT FOR THE "EXTRA" ONE! I JUST WANTED YOU TO HAVE OPTIONS! I HOPE YOU ENJOY YOUR SPRING GOODIES!
